### \*The Golden Key Bonus Pack\*

This complimentary, side-by-side bonus training enhances Matt's strategy even further. These 5 massive bonuses will give you even more of an edge in your business...

#### 1. List Building Tactical Training (\$500 value)

In-depth over-the-shoulder training course on how we set up and grow our email marketing list.

Learn how to upload your buyers and subscribers, optimize your list with segments and tags, create sequences and automations, and valuable tips on engaging content and re-engaging your prospects.

#### 2. The Work While You Sleep Strategy (\$400 value)

Don't want to run anything yourself? Hire someone else! Whether it's voice presenters, script writers, admin tasks or anything else, get other people to do it all for you while you concentrate on building your business and making money (or sleeping, or sitting at a beach!)

This video goes deep into where to find fantastic workers, how to properly vet and hire them, how to divide tasks and everything else with outsourcing.

#### 3. Entourage Growth (\$200 value)

Cultivate a base of buyers for your business and future promotions... and not just a list of buyers, but a raving fan base of customers who are basically your entourage and go out and enthusiastically tell others about your business! Who doesn't want a couple thousand extra customers?

#### 4. Fan Community Central (\$400 value)

Continuing your entourage growth strategy, we continue with Fan Community Central, where we go deep into training on building and growing your fanbase through Facebook Groups.

This series of videos goes through setting up your group, finding your audience, growth strategies, and how to properly commercialise it so that your followers WANT to buy from you.

#### 5. The \$1,000,000 Email Funnel (\$450 value)

Finally, we wrap everything up by going deep into building email funnels, from laying a proper foundation, to how to write and send emails.

Then, we go beyond the basics into how to grow your funnel from a trickle of subscribers to making millions of dollars with interested and engaging customers.
