## Here's What Our LMA Course Students Are Saying

Their students aren't just satisfied, they've been able to dissolve toxic beliefs and engineer outstanding levels of success and joy.

- Marieke** 20 April '21  
Hi, my name is Marieke. I come from Holland and now reside in Mexico, Ontario, Canada. Before I started the LMA program I was on a cross point in my life and felt too much fear and the need to control this. I was in my "happy place" almost 24/7 and that affected my health and relationships in a negative way. I felt disconnected from my body and didn't really enjoy the things that people around me. As a result I was experiencing too much sadness and for the first time in my life I didn't love living life. When I watched Tim's Masterclass a light switched on inside me. I knew I needed to sign up for your course because I was tired of money to be so afraid I didn't have the 30-day money back guarantee give me the space to take the chance and "O boy, Tim happy that I look at it the first day I started to feel so inspired by you and how it all delivered, that I wanted to stand up and cheer! I immersed myself in the program and I was so confident and that started to pay off from day 1 on. I felt a new hope, I started to understand myself and the way I was operating in life. I could let go of worry and the need to control in order to take safe. I felt calmer and safe with myself through practicing self love. By gaining clarity and building self-esteem. I took action instead of being procrastinated with overthinking. My relationship with my partner and my daughter started to heal and I felt more love and joy. This means the world to me!  
What I've learned so far I can apply and deepen throughout my journey on this planet. I'm committed to do that and I will teach my children to love herself and her life.  
I'm so happy I joined this program even though I already knew everything. I thought: Now I have the complete manual of life and I know how to use it. I'm so much Tim and your team for offering this program to helping people like me to become their best self! Cheers to life and much love!
- Cat** 19 April '21  
My name is Cat and I live in Canada. One night I came across Tim on a youtube video. At first, I thought this was just another marketing video. However, for some reason instead of clicking on the skip ads I decided to listen. After listening I was amazed by the content of the program, which really ended up being an opportunity. Thinking that I would explore for my son I started going through the material and realized how much I needed to do the work for myself. I started to recognize that I was living with the belief system that had been the most needed to do the work for myself. I started to recognize that I was living with the belief system that had been the most needed to do the work for myself. I just wanted to use one word for how the LMA has been a key component for my recent growth and what makes it special, inclusivity. This program about being human and anyone will benefit from it. It does not matter your gender, race, religion, or economic status. This is a methodology that is perfectly layered to address what people are human forward, makes us feel safe and free us from our past.  
You can be relatively happy with your life and still feel up. You can be like me and go into it with deeper issues. You can go on your own pace or die and finish within the 6 weeks. You can be part of a private support community or not. In essence it works for YOU and is designed to fit the many unique realities we have as a society. Most importantly it has had a profound positive effect on me. I still slip into depressive depression the best I ever have. I can easily emotionally regulate when stressed or triggered. My self-esteem has risen significantly. I am no longer my biggest critic, but my biggest cheerleader. I handle many aspects of my life with awareness and grace that I possessed but could not access before I joined the Success Insider family. I am grateful in a way that I had to put into words. I think thank you is over used, but...and thank you!!!
- Danish** 2 February '21  
Hi LMA family, my name is Danish from the UK, UK of Wigan. I'm on the last testimonial so I'm still working on my public speaking & before I embarked on the journey with LMA, I was literally a broken mess.  
My wife of 20 years left me and our three amazing children, for a new life.  
I had to stop working to take care of them full time, and slipped into a dark depression.  
I couldn't see a way out, and lost all drive and motivation. While scrolling aimlessly through YouTube an ad popped up. It was a testimonial to witness a testimonial, with Tim Han. I was free, so I thought what harm can I do, and I signed up. It was through this witness that I discovered the most powerful thing about LMA is how grateful about paying for this self-help as money was tight, and I had never done anything like this before. I was disconnected from my dreams and I didn't understand how LMA has changed the way I think, feel, and start my business. I now feel so empowered, I can manage to start my business, and my children and am thriving in my life. Tim Han and the whole LMA team from the bottom of my heart, sincerely I want to regre...

Hey Hey LMA family! It's Alia here in Chicago, Illinois. I've been struggling with finding clarity in my career and what I want to take to move forward. I must say, LMA has so many tools to not only help with clarity but also with EVERY aspect of my life. I've gained a new family of supporters to move through life with so much love and grace. These practices will be effective enough to last forever. So thankful I did this. It's always worth it to invest in yourself!

- John** 10 November 2020  
Hello everyone! My name is John and I live in the United States. The biggest problem in my life before joining LMA was the fear and uncertainty that I had of the unknown. Anything out of my comfort zone scared me and kept me trapped inside a bubble, where I experienced no growth in life. This problem made me feel depressed and discouraged in life, thinking that I was never going to achieve my dreams or do anything productive in my life. One day, I saw an ad on YouTube for the LMA program. After just a few seconds, I was interested in what Tim Han had to say and was offered to me. I wanted to do it, but of course, my survival brain turned on and started trying to convince me not to do it because of the potential risks of failure, thus proving my limiting belief that I couldn't do it. I decided to try LMA anyway, because I wanted to prove myself wrong about this limiting belief. Within the first two weeks, I was very surprised to find out that the LMA course was exactly what I needed, tackling my doubts and addressing parts of my life that I never thought of before. This whole LMA program was powerful, and one of the best parts about it was that I have a community of amazing people who encourage and support me every step of the way. I'm glad to see my limiting belief about myself was WRONG. I AM able to do it! To anyone who is on the fence of joining LMA, I would say to them that it is worth it to go and try, but rather, it has NOT to try to give it a chance and see where it takes you. You might be surprised along the process and uncover great potentials inside of you!
