If you're wondering if the Beard's methods work... guess who got offered to join a UK roster simply by sliding into the DM's of a talent agency that followed my page? Showcase that content fam! Show the world what makes you special!

I JUST DOUBLED THAT INVESTMENT. I told you when I took your class I was figuring I'd get my money back AND I DID DOUBLETIME.
YESSSS. Tell me!
That picky client who insulted me and I sent it back telling them I'm an invest, not cheap talent?

YOU taught me that!!!!!! I wouldn't have done that previously.
I TOLD YOU IT WOULD WORK! People respect you for standing up for yourself!

Now I really good stuff. I'm stoked to complete my cruise through and start again from the beginning. I have taken 3 courses at a local studio and learned more here for less money.

I agree with Gary! There is a wealth of honest knowledge here. There are so many people in the VO community who are out to make money due to their supposed knowledge and experience. There are plenty of sheep in wolves clothing, as you might say. The Voiceover Beard is the real deal, with a wealth of real-world, provable, knowledge and experience.

Hey everyone, never have I felt so inspired to do these before! So with my current setup, I did my first few auditions and I got a paying audiobook gig out of one of them and I couldn't be more excited to start this new chapter off!

I just want to say, you guys are AMAZING. Anytime someone asks a question, you guys jump on it before I can even get to it. That is what a community is all about, and we are a shining example. It literally brings me tears of joy.
I put so much of my life into this project, and to see you guys care and put your effort into making this group an extremely high value for the other members just makes it all worth it.
Keep being awesome, and expect big growth in the next few months. And thank you, thank you, thank you... for trusting me and helping me. 🙏

I totally agree with this, I'm part of a couple other groups of various titles and categories, but many of them are so sad and pitiful. Between dissing on each other or just trying to get sales for absolute junk that no one needs, it's really refreshing when I see people in this group actually trying to learn and get better and help each other. ❤️

I'm only two VO groups for this reason. This was my first.
