My life has 100% transformed because of Karla Marie and the FPA course. My mindset has changed, I've built a multi-six figure a year publishing business and I have kissed my corporate, 9-5 job goodbye and built an insane financial future for myself! Literally CANNOT say thank you enough!!

### Jane

I started in 2016. It took about 5 months before I was earning a modest income from my royalties, enough that kindle publishing was paying my bills. It was uphill from there. My first 2 years, I earned about \$300k, and in the past 2 years, I've earned just over a million dollars--mid six figures a year. Now I make more each month than I've ever earned in an entire year before kindle publishing, which is so cool.

When I found this program, it literally changed my life. I was able to quit my corporate job in 2018 and build a thriving full-time business that allowed me to achieve freedom and really live the life I had always dreamed of. Thank you Karla Marie for showing me how to escape the rat race. Forever grateful!!

Karla's course was life-changing for me. I started Kindle Publishing thinking that I can do it by myself looking a few videos on youtube. After not seeing results for a while and getting frustrated, I decided to stop doing Kindle publishing. Before quitting, I messaged a few on FB asking for their help. Everyone was telling the same thing, enroll for Karla's program. I decided to give it a try and join the course. I am amazed with the support I received from the community Karla has built. I am very thankful to Karla for her amazing program.

I've finally made it to 5 digits!! This is not a bragging post. This post is to inspire all of you that aren't quite there yet. My story is nothing like those of others who've made the climb up fast. It's taken me a lot longer. But I KNEW I'd get there. I've persevered and stayed committed, and I've finally made it. AND I plan on making it much further still yet. So for those of you aren't quite getting where you want to be... don't give up. Listen to what Karla Marie teaches and you'll get there!

If you are serious about diving into Kindle Publishing, look no further, Karla is your mentor, your guide and your friend. Taking Karla's program was a fantastic experience from beginning to end. We had purchased several courses about Kindle Publishing, but felt reluctant to take action due to their sole focus on non-fiction. After hearing about Karla's inspiring success with publishing and then speaking with her over Skype, we immediately knew that we were in good hands and signed up for her program right away. Within four months, we were already earning nearly \$6,000 per month on Amazon. Without a doubt Karla's program provided the greatest value--and return on investment--than any online courses we had taken before, and we're so grateful to have had her guidance.

Okay, I'm gonna share my win for the week after publishing for 7 years (and finding this group 2 years ago) I hit some major goals set for myself this month. I made over \$21K in revenue in the last month!

## Do you have questions?

### ❓ Is FPA real?

We get this question everyday. Karla here and I have great news for you! This is real and Roy and I are real people, lol. The best thing to do is read our reviews and watch our video testimonials and know that if we can do it, so can you. You can see my Youtube channel here, or visit my website here.

### ❓ How much work will I have to do?

NOOOO! We teach everything you need to know to use ur system, but you really don't need to know anything about books or story structure.

### ❓ I'm not super educated. Will this work for me?

This may be the best feature of this program. Roy is a high school dropout who hated school and he's not the only one. The steps for publishing are very simple to understand and perform.

### ❓ Why are refunds based on action?

The proof is in the pudding. Just like all the students above, if you take the action, you will get the results. So if you take our simple and repeatable guidance and fail, we got your back.

### ❓ Do I have to understand books and story structure?

NOOOO! We teach everything you need to know to use ur system, but you really don't need to know anything about books or story structure.

### ❓ I have more questions. Can I talk to a real person or email someone?

Absolutely! We can set up a call or answer your questions in an email. Simply email us at support@fictionprofitsacademy.com and we can set up a call or call any questions you have.

## So How Does Our 365 Day \$5,000 Profit Promise Work?

You have nothing to lose because we are giving you a 365 Day \$5,000 Profit Promise. The way it works is simple. You have to watch all videos within the first 8 modules. You must produce one lead magnet and one ebook. You must attend 2 one-on-one coaching calls, and launch one book on Amazon in accordance with our program.

If you do this in accordance with our standards and don't make \$5,000 we will refund your program purchase costs. We want you to win and we are here to make sure you do win. And nine times out of ten when people follow our program, they win.
