1.6M MONTH BREAKDOWN

An in depth breakdown start-to-finish on our 1.6m month (5m total brand revenue during writing this over 6 months). We teach you about the apps/methods/advertising networks we utilized to make this all possible. In depth, full comprehensive guide, sans bullshit.

KLARNA EU FULL SETUP

Selling in Germany with trending American products has been a strategy used by the top drop shippers for awhile. We take you through the start to finish process on how to accomplish this with ease. Full transparency tutorial on Klarna/German selling setup.
$0-$100,000 BEGINNER METHOD

If you've never scaled to $100,000 in sales the number can seem highly unrealistic. With our easy to follow guide/cheat sheet we can take just about any store and teach you media buying tactics and strategies to drastically reduce your cost per acquisitions and get you closer than you've ever been to that figure.
Earlybird feedback

An early insight into this co... taught me more in the last ... have learned in months br... YouTube/in public discord... lessons Leo & Franky go th... specifically the in depth Tik... has tripled my revenue in ... whilst maintaining the sam...

50K+ DAYS ON TIKTOK

I've done over 30m gross ... through independent vent... client work and the pixel o... methods in this course alo... insanity. I have never expe... such advanced strategies... amount of capital investm... greatful for the earlybird a... is truly going to change th... everybody.

Trey W.
30M+ IN GROSS REVENUE

Shoutout to Leo for puttin... early access first and fore... videos are insane! I don't k... you guys plan on changing... value drop in this is beyond... I've ever seen in the ecom... Between the personal res... guys showed and the brea... how you guys did the sales... fire under me to grind han... ever before!

Anders O.
15+M IN EUROPEAN SALES

A copy and paste, what you see is what you replicate course that isn't full of bullshit. Refreshing, impressivley powerful & I am grateful for getting the content early. Your scaling methods/landing page strategies have always been groundbreaking and time and time again I see it being implemented everytime I go on Piplads/Adspy. Thank you both again.
