To be honest, the method is so simple - it'll quite likely take a few weeks to get over the insanity of how "in front of your face" the truth has been! That is their motto "hidden in plain sight." There is no grand conspiracy regarding how the tax system works, it's just hidden in 50,000+ of tax code and court rulings. That's why the Internal Revenue Service has a list of 50+ Frivolous Arguments - because they are so tired of explaining their code. Even if you have a "J.O.B." that takes out SSI and Withholding Taxes, there is an answer for you! In fact, there are only FOUR TIMES you are required to have a Social Security Number: 1) to obtain a driver's license, 2) to register a vehicle, 3) for tax matters, 4) to obtain public assistance. **Learn how to opt out forever!**

**But... how is this done? We'll show you how inside Elite Tax Secrets!**

**You will be guided on how to claim your "REDEMPTION" from the taxable event known as the "income tax".** Best of all, you'll have the TRUTH and can spread it like wildfire to others (it's really that easy to learn!)
